# Zimbra Docs

Complete, feature-rich office productivity suite now available in Zimbra Network Edition
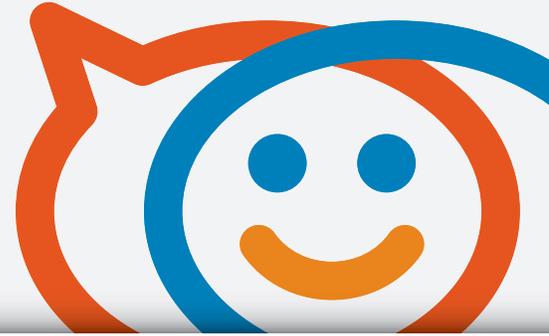

At A Glance

Zimbra Docs is a complete, feature-rich office productivity suite integrated right into your Zimbra Web Client ... available at no extra charge in Zimbra Network Edition 8.8.9+. You can now create and edit documents, spreadsheets and presentations right in Zimbra.
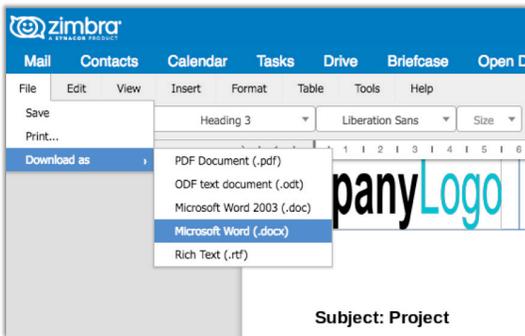

Zimbra Writer

Zimbra Writer works like any documentation software. Craft text with all the editing functionality you expect!

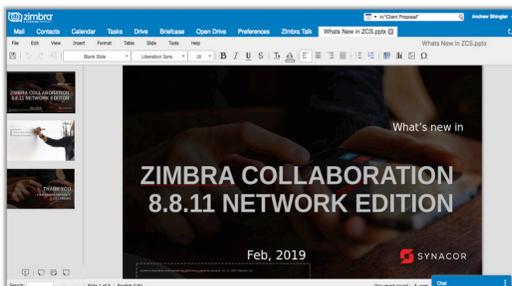

Zimbra Impress

Zimbra Impress will be your new favorite presentation tool! Create polished presentations and deliver those presentations from right in the Zimbra Web Client!

Zimbra Calc

Zimbra Calc functions like any spreadsheet app. All of the features from your other spreadsheet apps are here for you!
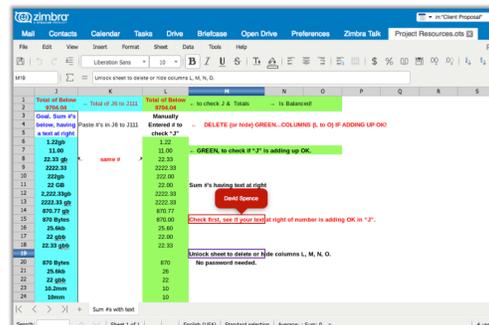

Create, upload and export in Zimbra – in any format you need — without a Microsoft Office license. AND share any file to collaborate realtime with your work teams!
